Project Screenshots / Visual Documentation

These are illustrative mockups for planning. They are not screenshots of a running application. Replace/add genuine screenshots after running app.py before final submission.

Student Performance Prediction

ILLUSTRATIVE MOCKUP — capture real app screenshots after running the project

Study hours per day: 4.0

Attendance (%): 75

Previous marks (%): 65

Estimated final marks: shown after clicking Predict

Technology: Python • Pandas • Scikit-learn • Streamlit

Project Workflow

1. Synthetic sample dataset (CSV)
2. Pandas data loading
3. Train/test split
4. Random Forest Regressor
5. Prediction + evaluation metrics
6. Streamlit interface

Workflow diagram for documentation; not a screenshot of a live app.
